ABOUT OUR CHARITY

SOS Children's Villages - Florida

SOS Children's Villages - Florida's mission is to provide homes, nurturing parents, siblings, a supportive neighborhood and the special resources necessary for children in foster care, thereby empowering them to become contributing members of society. A unique alternative to typical foster care, we reunite brothers and sisters.

SOS Fact:

- SOS is licensed to care for 66 children.
- 90% of our children are growing up with a brother or sister at SOS.
- 60% of our children were in four or more foster homes before coming to SOS.
- Most of our children have had their parents' rights terminated.
- 75% of our children have maintained or improved their school performance.

SOS Cornerstones:

- **The house parents** who provide care and support
- **The brothers and sisters**, biological and "new" siblings grow up together,
- **A home of their own** where every child is assured a safe and secure home and
- **The village** where neighbors and staff offer help and support.
